The proponent, Ikamva Lethu Farms (Pty) Ltd, proposes to establish an agricultural development on the Remainder of Farm 653, which measures approximately 1308ha in extent. It is proposed that an area of approximately 920 hectares be transformed to establish approximately 708ha of citrus orchards and associated infrastructure. In order to provide irrigation water to the proposed development the proponent proposes the installation of an irrigation pipeline (ø500mm) over a length of approximately 7 km. The following properties will be affected by the proposed pipeline route: Remainder of Farm 714, Portion 3 of Farm 558, Portion 39 of Farm 558 and Portion 6 of Farm 558. The proposed pipeline route is also required to be installed in the reserve of a proclaimed public road (MR00470).
