RE: NOTICE OF COMMENT PERIOD - DRAFT EIA REPORT AND EMPR: IKAMVA LETHU AGRICULTURAL DEVELOPMENT ON THE REMAINDER OF FARM 653, SUNLAND, SUNDAYS RIVER VALLEY MUNICIPALITY AND ASSOCIATED INFRASTRUCTURE (DEDEAT REFERENCE: EC06/C/LN2/M/11-2018).

The applicant, Ikamva Lethu Farms (Pty) Ltd, intends to transform ~650ha of vegetation on the Remainder of Farm 653, measuring ~1163ha in extent, for the establishment of ~586ha of citrus, and the installation of associated infrastructure (~64ha). Associated infrastructure includes, internal roads, access points and roads, low-level gabion crossing, laydown areas, windbreaks (if required) and dams. Existing infrastructure on Farm 653 is proposed to be renovated and used for storage of vehicles, pesticides, herbicides and to provide administrative support, as well as permanent accommodation for five individuals. In addition, an area of ~5.6ha will be disturbed to accommodate the installation of irrigation pipelines across the following properties, not located on Farm 653:

- Remainder of Farm 714
- Portion 3 of Farm 558
- Portion 39 of Farm 558
- Portion 6 of Farm 558

Sections of the proposed pipelines are also required to be installed in the reserve of a proclaimed public road (MR00470). The nearest town to the farm is Sunland, which is located ~3.5km northeast of Farm 653.
